EML Signs Agreement with Luaspay to Launch Winnings Payout Card Program in Canada

EML Payments Limited (**ASX: EML**) is pleased to announce that it is expanding its payout card program reach into the Canadian market. EML has entered into a multi-year agreement with Luaspay Limited (Luaspay) to launch a winnings payout card program for electronic gaming (egaming) customers in Canada.

This prepaid card program will leverage the same EML technology that has been utilised by numerous Australian gaming operators. The program will allow Luaspay clients to offer account holders in Canada a branded payment card for real-time access to their winnings, and the ability to remit these funds back into their gaming account.

EML Chief Executive Officer, Tom Cregan, commented that, “this program is not only our first egaming program in Canada, leveraging our solutions provided to gaming companies in Australia and Europe, but it will also be our first reloadable program in Canada, opening up a range of growth opportunities for us in the Canadian market in and outside of the egaming sector. We look forward to launching this program and informing the market of additional reloadable programs in Canada in the future”.

The program is subject to standard regulatory and issuing bank approval.
