Mize Houser and EML Partner to Replace Cheques with Virtual Payments

EML Payments Limited (**ASX: EML**) has further expanded its virtual payments platform in North America with its wholly-owned subsidiary EML Payments USA, LLC entering into a multi-year agreement to provide its' services with Mize Houser & Company P.A., a provider of accounts payable outsourcing and CPA services to restaurant franchisees.

One of the largest accounting firms in the Midwest, Mize Houser is a Kansas-based company that serves over 250 quick-service franchisee owners, operating about 1,600 restaurants in 38 states in the United States. In addition to CPA services and accounts payable management, one of its core services for franchisee clients is outsourced bill payment.

With EML's solution, Mize Houser's bill pay clients will be able to pay vendors faster by replacing paper cheques with single-use virtual payment cards or traditional direct debit.

Eric Mettemeyer, CEO of EML North America said, "With around twenty thousand vendors, Mize Houser will realise greater operational efficiency, and significantly lower printing and labour costs. Plus, Mize Houser's clients will benefit from the cost savings generated from the program."

Mettemeyer adds, "Costly, time-consuming and fraud-prone paper cheques are still a common payment method in the North American accounts payable industry. EML is focusing on establishing more accounts payable outsourcing partnerships that help organisations like Mize Houser switch from paper cheques to virtual payments."

The virtual payment program is expected to launch towards the end of the first half of FY2018.

About EML

EML Payments Limited, EML Payments Europe, EML Payments Canada and EML Payments USA have come together under one exciting new brand: EML. With payment solutions from EML, you will be empowered with more control, transparency and flexibility over your payment processes. Our combined portfolio offers innovative payment technology solutions for payouts, gifts, incentives and rewards, and supplier payments. Together, we issue mobile, virtual and physical card solutions to some of the largest corporate brands around the world, process billions of dollars in payments each year, and manage more than 800 programs across North America, Europe and Australia.
