EML Announces Agreement with InfoSync for B2B Virtual Payments

EML Payments Limited (**ASX: EML**) (**EML**) is pleased to announce that its wholly-owned subsidiary EML Payments USA, LLC has entered into a multi-year agreement with InfoSync Services, LLC for B2B virtual payments.

InfoSync provides outsourced accounting, payroll and reporting outsourced services to more than 7,500 restaurants in the U.S. The referral agreement enables InfoSync to refer its clients to EML for virtual supplier payments or a purchasing card. InfoSync plans to integrate EML's B2B virtual payments and purchasing card solution into its accounting platform to offer a unified solution to its clients.

EML Group CEO Tom Cregan said, "EML enables companies to seamlessly offer electronic payments, including virtual cards, as part of their existing solution. EML is well-equipped to quickly and easily integrate virtual payments for a wide array of industries, solution providers and processing platforms. We look forward to launching the first of many programs for InfoSync in the coming months."

The commercial terms and timing of these product launches are commercial in confidence, and EML will provide an update to shareholders at the appropriate time.
